

NOTIFICATION OF FORESTRY INSPECTION

Address: _____

Date: _____

A staff member of the City of Park Ridge Forestry Division has made an inspection of the tree(s) at your property, either by your request or as the result of observations while driving through the area. This notification is to inform you of the result of this inspection. A more detailed letter or telephone call may follow.

Parkway Removal:

- The parkway tree marked with a red metal tag will be removed in the near future.
- The parkway tree has been removed and city crews will pick up any existing brush on your garbage day. The stump will be removed at a later date and replaced with topsoil and grass seed.

Parkway Tree Health Inspection:

- The following actions listed below have been or will be performed in the near future.

Parkway Tree Trimming:

- The parkway tree(s) have been trimmed. City crews will pick up brush on your garbage day.
- A work order has been written. Work to be completed in the near future.
- No trimming is necessary at this time. The tree is on the city's cyclic tree trimming program.

Private Trimming or Removal Required:

- A private condition exists which needs immediate attention. Detailed letter to follow.

No Action:

- An inspection has been made. Trees are healthy and no trimming action is necessary at this time.

Other: _____

Please call the City of Park Ridge Forestry Division at (847) 318-5242 or PW Service Center at (847) 318-5240 if you have further questions.
